

Jefferson County Council on Aging

Legislative Forum – October 10th, 2024

Meetings are held every second Thursday from 2:00 pm – 4:00 pm

On October 10, from 2-4 pm at the Apex Community Center (6842 Wadsworth Blvd, Arvada), the Jefferson County Council on Aging hosted a Candidate Forum featuring candidates serving all or part of Jefferson County.

This includes U.S. House of Representatives (CD 6 and 7), various state senate and house districts, county commissioners and county sheriff. Candidates were given five minutes to address the audience and were asked to emphasize their accomplishments and plans with a special focus for seniors, including topics such as affordable and accessible housing, independence, healthcare, safety, food availability, transportation, poverty, tax relief or social isolation.

As past forums have had time challenges, speaking time limits will be strictly enforced and questions may only be addressed at the back of the meeting room at the question table. Attendees came from all over the county and included many seniors from area living facilities. JCCOA truly appreciates the candidate running for office and sharing your thoughts with us! Approximately 50 persons attended this event. Special thanks to our members who donated pies!
